

BLL VALVE ELECTRICALLY ACTUATED

Type RAE

TECHNICAL CHARACTERISTICS

- Electrically remote actuation, through a synchronous motor ;
- Lamp signalling on off - position of valve;
- Supply voltage : 220 V AC.; 50 Hz.
- Max. operating pressure : 16 bar
- Nominal Diameter (ND) : 10 mm
- Max. operating temperature : 100°C
- Materials (body and ball) : SS , W 1 4571 type
